Let's meet Led-Zeppelin-loving, falafel-eating, bike-riding super-dad Adam Spencer. Although his nickname is Felix, you'll have to ask him yourself how he got that moniker. Adam is quiet and modest, with an excellent eye for detail. His calm, unflappable demeanour makes him an ideal bookkeeper - just don't ask him about the 'I've been to Canada' T-shirt his mum once gave him!

Adam loves diversity and timeliness. While he has almost 10 years bookkeeping experience across multiple industries, he likes nothing more than working across those industries to help each client meet their deadlines. What also makes him happy is when clients respond on time and, consequently, he is able to collect outstanding debts for them. But his biggest gripe is stickers on fruit - don't get him started...

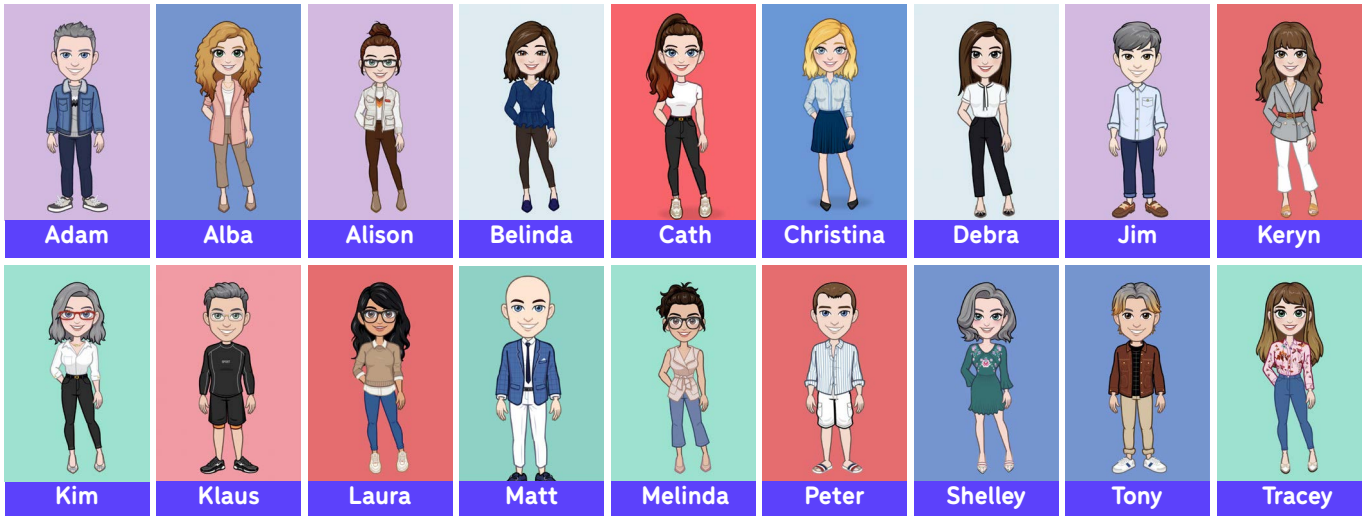

While you won't find him belting out a karaoke tune, you may find Adam trying to keep calm while navigating the bumper-to-bumper in Sydney's horrible traffic. Adam's favourite animals are primates, especially the orangutan, but cats are high on the list too. The great outdoors provide joy and peace for Adam. If the French Alps had a golf course, Adam might be tempted to give up work and retire, or work autonomously from a mountain chalet.

For Adam, security in bookkeeping is important, but nothing frustrates him more than constantly entering 6 figures into an authentication App just to access bookkeeping software. This is mostly because he finds great satisfaction in completing work tasks on time, and anything slowing him down is counterproductive to that. But he is a real softy at heart, citing his two children as his most proud achievement above everything else. As a committed family man, Adam's ultimate hero is his wife.

His love for this majestic animal is why he chose the protection of orangutans in Borneo and Sumatra as his cause in our [Beyond Numble](#) giving program. In recent years, Indonesia's wide-scale habitat destruction and rainforest clearing has pushed these magnificent creatures to the verge of extinction. Adam hopes that, by planting trees and supporting the amazing work being done by volunteers in this region, his children will be able to experience these beautiful animals in their natural habitat.

## MEET THE REST OF THE TEAM

We believe in the power of small business to create big impact on the world. As part of living our values of giving, **numble** is committed to making a positive contribution to the world beyond our work by actively engaging our staff and clients in 'giving back'.

**HOW IT WORKS** - Your bookkeeper has chosen a social purpose project that's important to them and aligned with one or more of the UN's Sustainable Development Goals. You can discover their chosen project, and what it means to them, under 'Meet your Bookkeeper' on page 1. Every time they do a piece of work for you, we make a donation to their cause on your behalf. It's that simple!

**MAKING A BIG IMPACT** - Through BIG1, a global giving platform that helps businesses make a meaningful social impact, and our support of the Indigenous Literacy Foundation and Wayside Chapel, we are on target to reach our goal of 200,000 'impacts'. You can follow our progress on this journey on our website.

**HOW TO GET INVOLVED** - We are committed to empowering and inspiring small businesses to create positive and life-changing social impact through their work. If you are as passionate as we are, about embedding a culture of 'giving back', we would love to be able to support you on your journey. Individually, we can all make a difference. Just think what we can achieve together!

## OUR CLIENTS ARE ALSO PART OF THIS PLEDGE

Embedding giving into the core of our business promotes engagement and investment at every level of our company. Staff choose a project that resonates personally with them. Every piece of work they produce for you, results in the support for a cause that makes a positive difference in our world. All donations are linked directly to our client work and are made on your behalf. Each chosen project is also linked to at least one UN Sustainable Development Goal.
