

MEET YOUR BOOKKEEPER

KIM

Kim will always be available as a contact at [numble](#).

If you'd like to know more about how to make a big impact with your small business, or just want to chat about your business, she can be reached at kim@numble.com.au or via phone on [1300 852 575](tel:1300852575)

Kim is one of Numble's Co-founders, a woman with big ideas and even bigger passions, having been on our journey for the last 20+ years. Her title is Chief Numbler. While Kim's primary role is looking after the day to day running of Numble, she is also an experienced Bookkeeper and BAS Agent. Having worked extensively in a broad number of industries, she comes predominantly from an advertising and marketing background. She loves the challenge of steering Numble through the demands of a fast-paced digital world. It is therefore not surprising that she sees Numble as her greatest work success story.

Driven by a desire to create a strong and sustainable business that embodies equality, collaboration and self-development, she is hard-working and loves to bring people together. Altho', she will tell you, contrary to what people might think, she is not that easy going and doesn't suffer long winded and unnecessary business explanations lightly. In that case, you would best take the next zipline out of there. But don't be surprised if she follows you as she lists that as one of the most exciting thing she has ever done.

On a more personal note, Kim is grateful that she survived bringing up her daughters through those hellish teenage years, and is now happy to escape to almost anywhere in the world, as long as she is sipping on a gin with lemon, lime, and bitters. She's easily pleased, especially when it comes to her favourite weekend activity of hanging out with family and friends - which indicates she not only survived her children, but she now actually enjoys spending time with them.

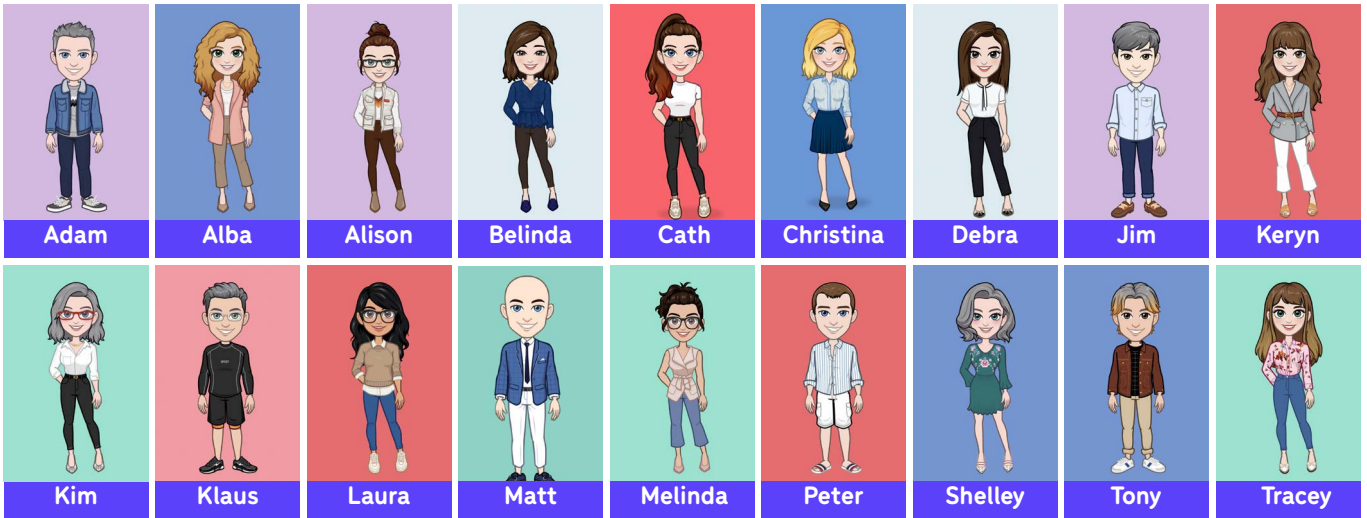

As the driver of our [Beyond Numble](#) giving program, Kim feels passionately about giving back to the community and the power of small business to make a big difference. Unsurprisingly, her (s)hero is New Zealand Prime Minister Jacinda Ardern, whom she admires for her strong stance against intolerance and discrimination. Both Jacinda and Kim share the belief that everyone deserves to live in a safe environment with opportunities to grow and prosper.

Through her client work, Kim supports the Indigenous Literacy Foundation. Devouring fairy tales as a kid, they taught her everything from good and evil, to love and loss. It makes her sad to think that Indigenous children living in remote parts of Australia don't have access to quality reading material, especially Dreamtime stories that are fundamental to their history and culture. Reading opens up a world of truth, magic and possibility, and Kim works hard so that every child has that opportunity.

numble's team of qualified bookkeepers are here to ensure your business accounts are accurate and up to date. If you need extra support, a different point of view, or want to give feedback, please [click here to book time for a chat](#).

SMALL BIZ, BIG IMPACT

MEET THE REST OF THE TEAM

We believe in the power of small business to create big impact on the world. As part of living our values of giving, **numble** is committed to making a positive contribution to the world beyond our work by actively engaging our staff and clients in 'giving back'.

HOW IT WORKS - Your bookkeeper has chosen a social purpose project that's important to them and aligned with one or more of the UN's Sustainable Development Goals. You can discover their chosen project, and what it means to them, under 'Meet your Bookkeeper' on page 1. Every time they do a piece of work for you, we make a donation to their cause on your behalf. It's that simple!

MAKING A BIG IMPACT - Through BIG1, a global giving platform that helps businesses make a meaningful social impact, and our support of the Indigenous Literacy Foundation and Wayside Chapel, we are on target to reach our goal of 200,000 'impacts'. You can follow our progress on this journey on our website.

HOW TO GET INVOLVED - We are committed to empowering and inspiring small businesses to create positive and life-changing social impact through their work. If you are as passionate as we are, about embedding a culture of 'giving back', we would love to be able to support you on your journey. Individually, we can all make a difference. Just think what we can achieve together!

OUR CLIENTS ARE ALSO PART OF THIS PLEDGE

Embedding giving into the core of our business promotes engagement and investment at every level of our company. Staff choose a project that resonates personally with them. Every piece of work they produce for you, results in the support for a cause that makes a positive difference in our world. All donations are linked directly to our client work and are made on your behalf. Each chosen project is also linked to at least one UN Sustainable Development Goal.

SHARE YOUR STORY WITH US

We would love to share your great work, so please get in touch if you'd like to be featured on our website and social media platforms. Don't forget to connect with us on LinkedIn and 'like' us on Facebook. [Welcome to the numble family!](#)

numble specialises in providing tailored bookkeeping, BAS and financial management services to Australian small businesses like yours, so that you can focus on other important things. It is our business to support you to be successful, profitable and sustainable, with the peace of mind that your finances are being taken care of to a high standard.
