Klaus Heinicke, is our resident hiking, biking and camping super-bookkeeper whose accuracy and detail-oriented mind can wrangle even the messiest of accounts into shape. His spirit animal is the beaver, presumably because he loves being outdoors and is so persistent and diligent. These traits make him an excellent bookkeeper and he always makes time to help out his fellow staff members. He claims his biggest work-related success story is still being a bookkeeper after 12 years and still loving it.

Klaus comes with a broad spectrum of experience - from childcare, consultancy, creative services, hospitality, personal services, real estate and trades. One of his clients recently commented that he is amazing to work with because "he is patient and makes sure he understands clearly what is needed." As his client, you will be able to take your life back knowing that your paperwork is all under control.

There's a good chance, if you were ever to visit the Austrian Alps, that you'd find Klaus yodelling his way up the side of a mountain. If not, then check the Italian side of the alps. But if it's just a weekend activity, then he is at his happiest doing the local parkrun, followed by a coffee and a swim. Whatever it is, Klaus is happiest when he is outdoors and active. If there's a community run, or walk that's raising money for others, you'll find Klaus leading the charge. This is one of the reasons he loves being a Numble bookkeeper - the flexible work arrangements which allow him to get into the great outdoors as much as possible. He also loves a good deadline and the consistency of bookkeeping work. So, if you want him to really perform at his best then make sure you are up to date with deadlines and get relevant information to him on time. Do this and he will always be there for you.

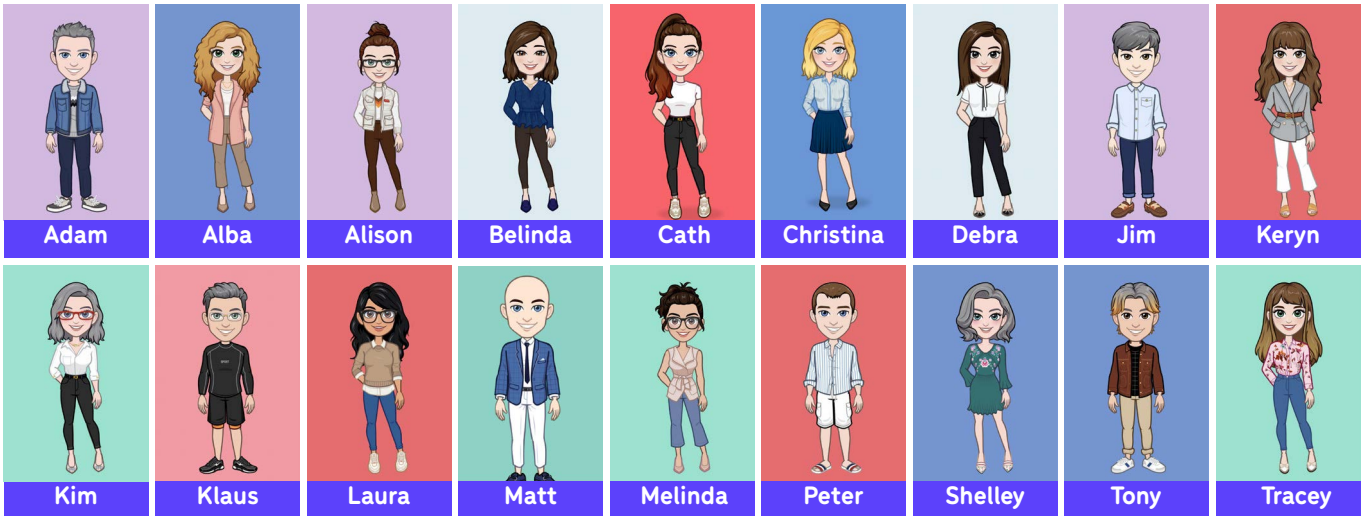

If Klaus was to suddenly wake up one morning as a superhero, he'd want the ability to fly. And, if there was a movie made of his life, he would want George Clooney to play him (what man wouldn't?). His ideal dinner party guests would be Alexander the Great, his Mum, and Mahatma Gandhi. What an interesting meal that would be!

The cause close to his heart is the work of the Wayside Chapel, who Klaus supports through our [Beyond Numble](#) giving program. While he feels lucky enough not to have been personally affected by addiction or homelessness, he admires the Wayside's work providing vital care and support for people who need it. opportunities to grow and prosper.

SMALL BIZ, BIG IMPACT

MEET THE REST OF THE TEAM

We believe in the power of small business to create big impact on the world. As part of living our values of giving, **numble** is committed to making a positive contribution to the world beyond our work by actively engaging our staff and clients in 'giving back'.

HOW IT WORKS - Your bookkeeper has chosen a social purpose project that's important to them and aligned with one or more of the UN's Sustainable Development Goals. You can discover their chosen project, and what it means to them, under 'Meet your Bookkeeper' on page 1. Every time they do a piece of work for you, we make a donation to their cause on your behalf. It's that simple!

MAKING A BIG IMPACT - Through BIG1, a global giving platform that helps businesses make a meaningful social impact, and our support of the Indigenous Literacy Foundation and Wayside Chapel, we are on target to reach our goal of 200,000 'impacts'. You can follow our progress on this journey on our website.

HOW TO GET INVOLVED - We are committed to empowering and inspiring small businesses to create positive and life-changing social impact through their work. If you are as passionate as we are, about embedding a culture of 'giving back', we would love to be able to support you on your journey. Individually, we can all make a difference. Just think what we can achieve together!

OUR CLIENTS ARE ALSO PART OF THIS PLEDGE

Embedding giving into the core of our business promotes engagement and investment at every level of our company. Staff choose a project that resonates personally with them. Every piece of work they produce for you, results in the support for a cause that makes a positive difference in our world. All donations are linked directly to our client work and are made on your behalf. Each chosen project is also linked to at least one UN Sustainable Development Goal.
