Melinda is our resident quiet achiever, though she has a fun-loving, wild streak that might take you by surprise. Melinda, or 'Mel' as she's known around the office, is a woman who gets things done (and done right) without any fuss. She hates bad drivers, but she hates surveys more – even wishing that, if she had a superpower, it would be to make all surveys disappear! This is not a conspiracy. The evidence for such comes from the very survey done for this bio. Only half the questions were answered.

She loves listening to the tunes of ABBA and Dolly Parton and, if she were lucky enough to have a movie made of her life, she'd love to be played by Meg Ryan. Although she may portray a calm and quiet demeanour, that all changes on October 31st when her spooky side comes out to play. Mel and her family are well-known for their Halloween decorations, which are often featured in the local newspaper.

Melinda is a real Jedi in her job and has worked as a bookkeeper for 12 years. Her industry experience over those years crosses over multiple professional services and trades. Top of the list of loves for her is providing her clients with a greater insight into their business through her attention to detail. This detail is meticulous and watch out if you forget to tell her important changes within your business. She may just throw you an encouraging line from her favourite movie to get you going – "Punch it Chewie".

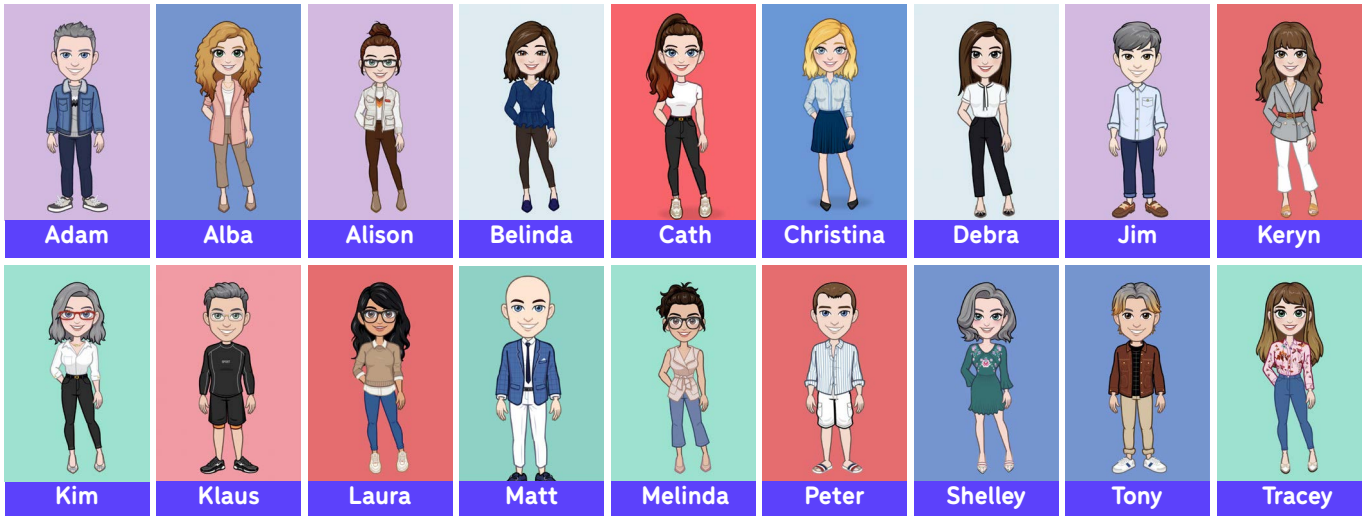

In life there are simple pleasures for Mel. She loves travelling, particularly to Cape York, swimming and hiking - especially if it's with her family. One of the most favourite and exciting things she's done is swim with whale sharks in Western Australia. She also most admires Adam Goodes. Not so much for his football prowess, but more for his work with indigenous kids. Culture and education are his focus and perhaps this is why she has chosen to donate to the following foundation.

Passionate about the rights and education of Aboriginal and Torres Strait Islander people, Melinda supports the Indigenous Literacy Foundation as part of our [Beyond Numble](#) giving program. As an Indigenous woman, Melinda sees the enjoyment that her children get from reading all different kinds of books, and she wants all Indigenous children to have that opportunity to develop a passion for reading. She believes it is important that legends and Dreamtime Stories are recorded for all of us to enjoy. Guided by the Aboriginal proverb, 'those who lose dreaming are lost', it breaks her heart to live in such a resource-rich country, but still know that many Indigenous children do not have the same access to literature and education that many of us take for granted.

SMALL BIZ, BIG IMPACT

MEET THE REST OF THE TEAM

We believe in the power of small business to create big impact on the world. As part of living our values of giving, **numble** is committed to making a positive contribution to the world beyond our work by actively engaging our staff and clients in 'giving back'.

HOW IT WORKS - Your bookkeeper has chosen a social purpose project that's important to them and aligned with one or more of the UN's Sustainable Development Goals. You can discover their chosen project, and what it means to them, under 'Meet your Bookkeeper' on page 1. Every time they do a piece of work for you, we make a donation to their cause on your behalf. It's that simple!

MAKING A BIG IMPACT - Through BIG1, a global giving platform that helps businesses make a meaningful social impact, and our support of the Indigenous Literacy Foundation and Wayside Chapel, we are on target to reach our goal of 200,000 'impacts'. You can follow our progress on this journey on our website.

HOW TO GET INVOLVED - We are committed to empowering and inspiring small businesses to create positive and life-changing social impact through their work. If you are as passionate as we are, about embedding a culture of 'giving back', we would love to be able to support you on your journey. Individually, we can all make a difference. Just think what we can achieve together!

OUR CLIENTS ARE ALSO PART OF THIS PLEDGE

Embedding giving into the core of our business promotes engagement and investment at every level of our company. Staff choose a project that resonates personally with them. Every piece of work they produce for you, results in the support for a cause that makes a positive difference in our world. All donations are linked directly to our client work and are made on your behalf. Each chosen project is also linked to at least one UN Sustainable Development Goal.
