

MEET YOUR BOOKKEEPER

ANGELINE

As your dedicated bookkeeper, Angeline will be your primary contact at [numble](#).

Angeline can be reached at angeline@numble.com.au or via phone on [1300 852 575](tel:1300852575)

Angeline comes to Numble with an impressive resume. She has worked in the bookkeeping field now for over two decades, with a string of academic credentials in both bookkeeping and accounting. She is certified as a Xero advisor, and her other skills cover such programs as MYOB, Excel, Word, Reckon, FYI and Employment Hero.

While she has worked for multiple clients over the years, involving all aspects of bookkeeping and accounting, and across many industries, there is a real homeliness about her approach to life and work. Her mum is her hero, and as such, she sheepishly admits that her primary school wish was to grow up and be just like her.

Angeline has learnt the ropes of client management, payroll, bank reconciliations, BAS statements, superannuation, and even debt collecting from the bottom up across all manner of client requirements. You can be confident that she will handle all aspects of any small business bookkeeping needs efficiently and effectively. Just don't ask her to cook you a meal (unless it involves a lemon meringue pie) as she is a self-confessed failure in the kitchen and would much prefer to order takeaway than cook.

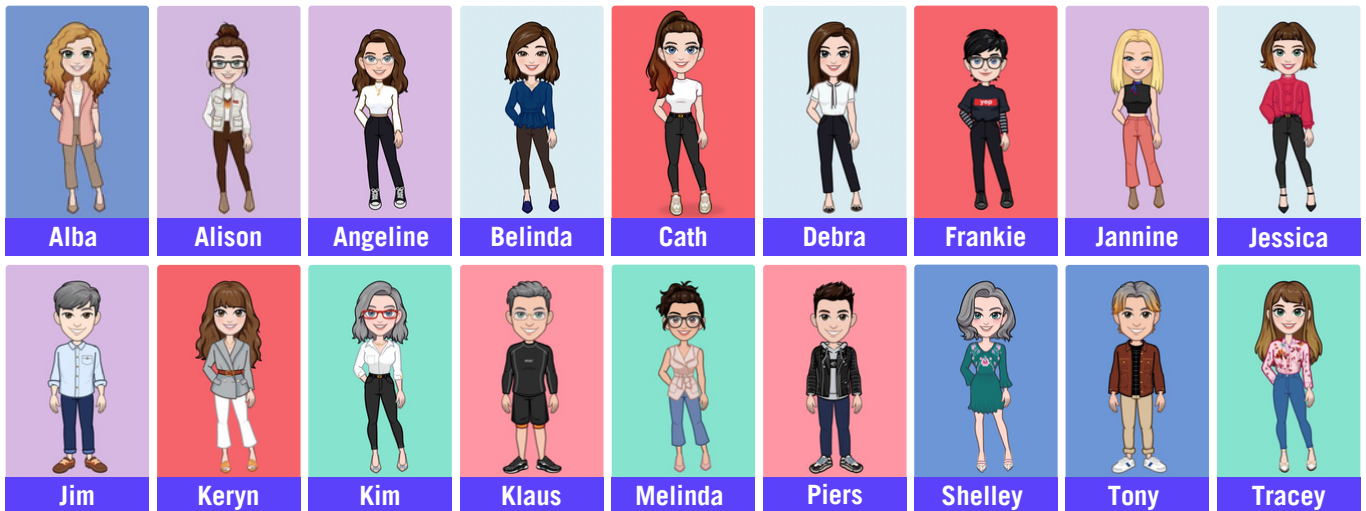

It's only after a few drinks with good friends that Angeline would attempt to sing in public, so Karaoke is out of the question. However, send her outside and she would happily potter in the garden for a few hours or sweat it out at the local gym.

Falling short of being labelled a 'cat lady', Angeline does love animals and currently has a dog and two cats. In fact, cats are a bit of a theme in her life as her secret desire would be to join the band, The Pussy Cat Dolls. And just between you and I, she would describe herself as a cat if she could be any animal.

Angeline has chosen Care Packs to Australian Farmers affected by Natural Disasters as her [Beyond Numble](#) charity. In her words, "Without our farmers, this great land would fail. Australia was built on farming, and we need to help keep it going."

MEET THE REST OF THE TEAM

We believe in the power of small business to create big impact on the world. As part of living our values of giving, **numble** is committed to making a positive contribution to the world beyond our work by actively engaging our staff and clients in 'giving back'.

HOW IT WORKS - Your bookkeeper has chosen a social purpose project that's important to them and aligned with one or more of the UN's Sustainable Development Goals. You can discover their chosen project, and what it means to them, under 'Meet your Bookkeeper' on page 1. Every time they do a piece of work for you, we make a donation to their cause on your behalf. It's that simple!

MAKING A BIG IMPACT - Through B1G1, a global giving platform that helps businesses make a meaningful social impact, and our support of the Indigenous Literacy Foundation and Wayside Chapel, we are on target to reach our goal of 200,000 'impacts'. You can follow our progress on this journey on our website.

HOW TO GET INVOLVED - We are committed to empowering and inspiring small businesses to create positive and life-changing social impact through their work. If you are as passionate as we are, about embedding a culture of 'giving back', we would love to be able to support you on your journey. Individually, we can all make a difference. Just think what we can achieve together!

OUR CLIENTS ARE ALSO PART OF THIS PLEDGE

Embedding giving into the core of our business promotes engagement and investment at every level of our company. Staff choose a project that resonates personally with them. Every piece of work they produce for you, results in the support for a cause that makes a positive difference in our world. All donations are linked directly to our client work and are made on your behalf. Each chosen project is also linked to at least one UN Sustainable Development Goal.
